Dear Social Science Colleagues:

Welcome to Reno, Nevada for the 58th Annual Conference of the Western Social Science Association (WSSA). The Western Social Sciences Association Annual Conference offers a wonderful opportunity to interact and learn from our colleagues both within our disciplines and across the social sciences. In the decade that I have been involved with the WSSA, I have been continuously struck by the topical overlap across the range of disciplines represented at our conference, offering attendees the occasion to get out of our silos and to learn from research on topics closely related to our own work but from alternative methodological or theoretical perspectives. In addition to representing the range of traditional social science disciplines, almost half of our sections are interdisciplinary or multidisciplinary. I strongly encourage you to take some time to look through this program and consider attending sessions outside of your discipline.

Another characteristic that makes our conference unique and especially valuable is our international participation. While our organization’s title typically guides the location of our conference sites within western North America, our two largest sections, Association of Borderland Studies and Latin American Studies are comprised of scholars from around the world. Our Canadian Studies, Australian and New Zealand Studies, and Globalization and Development sections further complement the international reach of the scholarship represented.

Finally, we are particularly proud of our ongoing efforts to make the WSSA an inclusive and accessible organization. We value the inclusion of scholars with disabilities with both on-site accessibility services and the unique opportunity for scholars unable to travel due to a disability to present their research via Skype. We also prioritize keeping both registration and hotel conference rates low in order to make this conference accessible to scholars with varying levels of travel support from their home institutions. The WSSA’s outreach to both graduate and undergraduate students is significant: our grants, competitions and awards support the next generation of social scientists by subsidizing their matches the amount generated thus tripling the total dollars. In Reno, please consider supporting the Food Bank of Northern Nevada by attending our Friday, April 15, 2016, breakfast and donating generously. This breakfast is just one of the complimentary social events, be sure to also join us for the Wednesday Welcome Reception and the Saturday President’s Reception/ Awards Ceremony as we enjoy the ambiance of collegiality and intellectual engagement.

I am grateful to President-Elect, Michèle Companion who (along with Dianne Berry and our hard-working Section Coordinators) has pulled together a noteworthy Conference Program. We hope you find this year’s Conference rewarding and enjoyable. Executive Director Larry Gould and Communications Director Kate Herke will be on hand to ensure events run smoothly. We look forward to another exciting Annual Conference exemplifying our ideals of Scholarship, Service and Collegiality as we meet in Reno.

Regards,
Heather Albanesi

Western Social Science Association
The Western Social Science Association (formerly the Rocky Mountain Social Science Association) was founded in 1958 when the Social Sciences Section of the Colorado-Wyoming Academy of Science was reconstituted as an independent organization. On January 1, 1975, the name was changed to the Western Social Science Association (WSSA) to reflect the geographical representation of the Association. The purpose of the WSSA is to foster professional study, to advance research, and to promote the teaching of the social sciences. Membership is open to all who share its aims. The WSSA publishes the Social Science Journal, a newsletter, and an annual program and abstracts for the conference. Several affiliated organizations meet concurrently with the WSSA and share in developing the program.

In 2012, the Western Social Science Association revitalized our organizational mission of service at the Annual Conference in Houston, by hosting a fund drive for a local charity. Conference attendees gave generously and we were extremely pleased to raise more than $2,100 for the Houston Food Bank. The following year (2013), in Denver, we were thrilled to raise even more, a total of $2,671 for the Food Bank of the Rockies, and in 2014, we raised $2,070 for Roadrunner Food Bank of New Mexico. In Portland in 2015, we raised $2,500!

Your donation is tax deductible and receipts will be available at the donation table, along with information about hunger in Northern Nevada and the types of programs offered by the food bank.

The Food Bank of Northern Nevada (http://www.fbnn.org) is dedicated to eradicating food insecurity by helping individuals and their communities increase self-sufficiency and food security status. However, with unemployment rates and food, gas, and housing prices remaining high, demand for their services has increased in their 90,000 square mile service area. They provided more than 14.4 million meals last fiscal year.

WSSA Spotlight on Local Organizations: Nevada Urban Indians, Inc.

WSSA is proud to sponsor Nevada Urban Indians Inc. as our Spotlight Local Organization! They are a 501(c)3 nonprofit organization that is funded by various federal, state, and private grants to serve the urban Indian population of Nevada. Nevada Urban Indians was founded in 1975 to provide outreach and referral services to American Indians living in the urban areas of Washoe County and Carson City. Currently, they offer a variety of programs that include community health and medical services and target issues such as diabetes education and outreach, exercise referral, and substance abuse counseling. They also provide domestic violence assistance, suicide prevention outreach, education and tutoring assistance for K-12 students, and assistance with college searches and financial aid and Pell Grant applications. They actively partner with tribal, Federal, state, and local organizations to enhance the services that they provide and expand their outreach into the community. They also work with the University of Nevada’s Intertribal Higher Education Program!

This is an amazing organization that is doing truly incredible things for the Indian community and general public! Come by their table near the registration area during the conference to learn more about them and introduce yourself! Learn more about them by visiting their web page (http://www.nevadaurbanindians.org/) or their Facebook page (https://www.facebook.com/pages/Nevada-Urban-Indians/222770727751839).

Houdoud al bahr | The Mediterranean Frontiers: Mazara-Mahdia
Directed by: Chiara Brambilla, CeRCo - Università degli Studi di Bergamo, Italy
Chair: Jussi P. Laine, University of Eastern Finland

Synopsis:
Gazing into the Euro/African border and migration nexus through the borderscape lens, Houdoud al bahr provides an alternative multi-sited choreography of the Italian/Tunisian borderland. By adopting such a multi-sited approach, the film aims to reveal the complexity of this Euro/African borderscape that is perceived as mobile and relational, resembling a fluid terrain of a multitude of socio-cultural, political and economic negotiations, claims and counterclaims that are actualized at the level of everyday practice. In so doing, the documentary illustrates how the Mediterranean Europe and North Africa have become enmeshed in multiple layers of competition and integration through trends of colonialism, migration, and the formation of transnational communities.
